Interesting cookbook!

By TLC

This cookbook is quite interesting as it provides a brief description of most of the countries in a paragraph or two, then continues to list a recipe that is representative of each country's cuisine.

I really liked the book and found quite a few good recipes, however, a minor complaint is that the author provided amounts of each ingredient needed in sometimes metric/sometimes standard (aka english), often in the same recipe. This can be confusing to some people. An easy way to deal with it though is to do a quick search for a conversion table online and you're all set to try the recipe.
