Book 3 in the Darkside Series

You would think attending a Troll Wedding would be the highlight of your day, but for James and the gang it's only the beginning.

News reports of a dragon spotted over the Strait of Juan de Fuca and Bigfoot sightings in downtown Victoria are the least of James' troubles. The Veil keeping the worst of the supernatural beings from crossing over into Darkside is faltering, and it's up to James and his friends to find out why.

If they fail, the world might very well become one giant Renaissance Faire.

So it's not all bad.

My favorite author EVER!

By Tony

Now I know, you are going to say "what are you saying? What about Robert Heinelen, Isaac Asmov, Orson Scott Card, R.A, Salvator, Matthew, Mark, Luke, and John? ". Yes, yes, they are all incredible, but Perry just has wit! He is so in tune with the readers, even if I'm the only one! I've been waiting for another in this series for so long. I read Dark side back when it was just a word doc online that I got for free. I emailed Perry, and yes! He answered. What a very nice guy. Seriously. So I read this book hopefully to find many of the same quirky jokes, references, etc. They were all there... Well all except for maybe a Barenaked Ladies or RUSH reference.. But anyway... The book follows our favorite hero in another adventure. James continues to learn in front of our eyes what it means to be an eternal, and we get to watch! All the characters are like family, yes very different, but so beautifully diverse. Perry has such a unique way to tell a story, I cannot imagine that his children go to bed without a story each night... Ok, they may not sleep since they are probably wearing garlic, and using sun lamps, but stories nonetheless!

Thank you Mr. Perry for another wonderful ride in darkside and in this series. Please take a break from saving Canada from bad guys, and write another!!
