DEATH TO SELF, THE PATH TO CHANGE AND THE POWER OF GOD BY GUILLERMO MALDONADO PDF

It is of no surprise to anyone that we live in wicked times in which the worth of human life has been lost, where moral integrity has crumbled, and where innocence is trampled in a seemingly cultural way. We live in times where the innocence of children is no longer protected, the moral integrity of our adolescents is not defended, and social responsibility of adults is not expected. What is bad we call “good,” and what is good we call “bad.” We live in an era in which Christianity is persecuted more each day. We have gone from religious freedom and tolerance to a time of open persecution and aggression towards anyone who confesses Christ as the Lord of his or her life. All Christian values today are being questioned and rejected by a society that only seeks not to hear that its conduct is displeasing to God. This generation only wants to hear what aligns with its carnal, selfish, and egocentric desires. It lives for instant gratification of “self” and refuses to accept limitations or restrictions. This is the reason why homosexuality is the right of each individual to decide how he or she chooses to live; why abortion is the right of women to choose what happens to their bodies; why divorce is the right to seek personal happiness; why the love of money is the right of every individual to achieve great accomplishments and to have anything that is desired; why false doctrines in the Church are the result of the right each individual has to interpret the Word of God according personal o benefit. We live in a time in which the slogan: “If it is good for you, and it feels good, do it” is practiced regardless of the harm it might cause, the destruction it might leave in its path, or the inheritance of curses it might leave behind. The most important consideration is: “Feeling good.”

This is a great book. Dying to self is what is holding back the success of every christian that is not seeing results. After this revelation I am once again on fire to see the supernatural in my life. Guillermo Maldonado is all about the supernatural power of God and he knows what he is talking about.
