A fun read - for both of us.

By Phoots

This was a GREAT kid's book. My 7 yr old grandson loved it. Reads well, good sense of humor, gross things kids (especially boys) like. A lot of it reads like 'opposite day' - zombies want pimples. I enjoyed it too.

Diary of A Minecraft Zombie Book 2: Bullies and Buddies (An Unofficial Minecraft Book) by Herobrine Books

Kindle Edition Free download, List price \$0.98

Publication Date: March 13, 2015 | Age Level: 7 - 18

Okay it's a diary story book, about what you would expect. Not too badly done, though not my cup of tea... Age level, I don't think many teens would be interested in this, the character is only 12 and basic rule of writing is your audience is no older than you character. Yes there are exceptions, but not at this level.

For what it is it gets 5 stars, recommend it for free, but if it stays at \$0.98 it's worth buying for the younger ones. It's not great literature, but at least they are reading English at a semi reasonable level.
