B, b, what begins with B? Bastardized Board Book, B B B

By John R. Stracke Jr.

The original book is great, but this edition has been butchered beyond belief. All the original pictures have been preserved, but the text has been chopped up to fit into the size limits of the format. For example, P: "Painting Pink Pajamas, Policeman in a a Pail. Peter Pepper's puppy. And now Papa's in the pail." becomes "Painting some pajamas pink. P...p...P." Spend the money and get the full-sized version.

Nice since I haven't read the paper book

By Kelly Eldred

I purchased this Dr. Seuss ABC book for my one year old granddaughter. She is just now really getting into listening to us read her books instead of trying to eat them. Her mother has been teaching her colors and shapes and has now moved onto her alphabet. She really enjoys the colors of the book. I didn't know that this version of the book had been changed from the original version. Since I only have this as a reference, I like it. I will probably purchase the paper copy now to compare but for now, this is a nice book for my granddaughter.

Fun for Kids and Adults alike

By Mark Baker - Carstairs Considers

Dr. Seuss takes his wild imagination and fun and turns it into one of the better alphabet books for kids. Every letter includes several appropriate items. They can range from the ordinary, left leg for "L", to the humorous. My family can still tell you exactly what begins with "Q", and we haven't reread this book in at least 15 years.

Parents tired of the standard "A" is for apple, "B" is for ball book will find a breath of fresh air here, too. They'll be laughing at some of the sentences and enjoying the meter used throughout.

This book bills itself as an "I Can Read" book. I hesitate slightly only because Dr. Seuss does throw a few of his trademark unusual characters into the mix. A parent will need to be close by to help their child sound out the harder words.

Dr. Seuss was a master at making picture books fun for all ages. This is a classic example parents will enjoy reading time and time again, even if their kids ask for it every night.
