Just purchase and download the soft file of this publication Exposure (The Fringe Book 2) By Tarah Benner

EXPOSURE (THE FRINGE BOOK 2) BY TARAH BENNER PDF

Don't miss the much-anticipated sequel to Recon!

When Harper discovered the truth about Bid Day, she inadvertently painted a target on her back. Now Constance, the infamous espionage unit, wants her and her friends kept quiet at all costs. She and Eli are being sent out into the Fringe, where they'll face damaging radiation, violent gangs of survivors, and be forced to fulfill Recon's sinister duty.

After her first deployment goes bad, Harper is racked with guilt and paralyzed by fear. Out there, it's kill or be killed, but the real danger is inside the compound. Eli is determined to protect Harper, but that means tearing down the walls he's worked so hard to build.

The only way to avoid a brutal death on the Fringe and escape Constance's control is to flee to a neighboring compound. Eli wants to risk it all for Harper, but to choose her, he'll also have to give up his only connection to his past.

Great follow up to Recon

By ReineCheck

Full disclosure - I received a copy of this book from the author at no charge, just a request for an honest review.

I really enjoyed Recon (The Fringe Book 1) and have been eagerly awaiting the release of this next book in the series. Harper is such a fun character to read, and I love her complicated relationship with the mercurial Eli. The evolution of their relationship feels very real within the context of their circumstances, and you can't help but root for them despite all of their increasingly tough odds.

The author does a great job of deepening the mystery surrounding the true nature of both the Compound as well as the people out on the Fringe. I like a story that draws you into the lives of the characters, and leaves you as mixed up by the details as they are. Exposure did this for me. I liked the personal growth exhibited by

Harper and Eli as they each struggled to protect the other while fighting for their own survival in a number of very dangerous situations. The action in this book was intense and not gratuitous, which I also appreciated.

Final verdict - Exposure is definitely worth the read.

Terrific sequel and I can't wait for book 3!

By Albert Bowes

DISCLAIMER-I received an Advanced Readers Copy of this novel. However, after finishing, I also purchased a copy because I want to be able to support authors I enjoy so they can afford to write more of what I want to read!

This book took everything that happened in Recon (Fringe Book 1) and upped it by another order of magnitude! More excellent plotting, dialogue, and characterization just like in Recon. A bit of a shift here, though, as a warning: A lot of the plot takes place out in the Fringe, so there is a lot of Eli and Harper. Sawyer takes the biggest leap in growth of all the secondary characters and I'm looking forward to see what she does in Book 3. One great thing that Benner does in her novels is to incorporate reality into her characters, scenes, and environment. Example: The fight scenes and description of the dead level-read the book!-and its concept and usefulness are terrific. If you read her afterword, you'll see that she isn't just making things up to suit her needs; she's done the research. A standout among post-apocalyptic/dystopia offerings, start reading this series now before all your friends tell you about the 'great new author' they found!

An Engrossing and Thought Provoking Realistic Dystopian Series

By vhdonahue

I Thoroughly enjoyed this perfect sequel to "Recon". I would rate this as my best realistic Dystopian series yet. The story builds up smoothly soon after where "Recon" ends. This book swept me into a whole other universe, I could identify with both the main character's feelings of pain, fear, sadness, desperation and happiness. The chemistry between Eli and Harper is tender, the suspense palpable and the plot absorbing. The story and her story telling ability were so intense and attractive that I had a hard time putting the book down.

If you enjoyed authors like Marie Lu, Veronica Roth, then Tarah Benner should be added to your favorite list. Thanks for a super written story.
