# LOS SOCIOS DE ELBA ESTHER (SPANISH EDITION) BY RICARDO RAPHAEL PDF

A partir de la maniobra de Carlos Salinas de Gortari para imponer como líder del Sindicato Nacional de Trabajadores de la Educación (SNTE) a Elba Esther Gordillo Morales, el poder de la Maestra no ha dejado de crecer. Ella cuenta con la red más eficaz de operadores territoriales; administra, sin rendirle cuentas a nadie, cuantiosos recursos económicos; es la dirigente de la federación más grande de trabajadores al servicio del Estado; gobierna los destinos de un partido político en ascenso, el Partido Nueva Alianza, y ha sido cómplice de los últimos presidentes de la república para influir en el resultado de los comicios electorales. No solo eso: su estructura de complicidades es una razón importante para que el fallido aparato educativo nacional este paralizado. Ricardo Raphael trabajó arduamente reuniendo pruebas, entrevistas y documentos para escribir *Los socios de Elba Esther*, la historia de una mujer que arrancó la vida en la pobreza para luego convertirse en la figura más temida del sistema político mexicano: tema de seguridad nacional. El trabajo de Ricardo Raphael revela una pluma educada para la narración, pero se aleja de la anécdota y del dato sin sustento sólido, para retratar, con el contexto necesario, a un personaje -Elba Esther Gordillo- y a un ente -el Sindicato Nacional de Trabajadores de la Educación- que se han logrado ubicar como contrapeso del Estado, con capacidad de influir a su favor en el diseño de políticas públicas que afectan a millones de personas y alteran el destino del país en muchos temas, uno de ellos vital: la educación.

Investigación y Novela

By kritikos

El libro de "Los socios de Elba Esther" tiene la contundencia de una investigación rigurosa y al mismo tiempo la fluidez de una novela. El recuento de los sucesos políticos del autor es acompañado por revisiones documentales, entrevistas, etc., como cuando narra los innumerables encuentros de Elba Esther con los presidentes mexicanos que le dieron oportunidad de negociar sus posiciones en la estructura del estado mexicano. El autor del libro es hábil también para derivar hipótesis de las entrevistas y ponerlas a prueba, como ocurre con los supuestos de uno de sus informantes clave. En este episodio Ricardo genera información valiosa que inteligentemente alimenta el debate sobre si hubo o no fraude en las elecciones del 2006, y que alcance tuvieron las acciones del SNTE en éste y otros sucesos similares. El libro es una pieza bien documentada; es una escritura audaz; es lectura inteligente; es un libro obligado.
