MEL BAY STUDIO: JAZZ DRUM COOKBOOK BY JOHN PICKERING PDF

Enormous demands are placed on the control and manual dexterity of the contemporary drum set player, particularly in the Jazz idiom. Today's drummer is expected to have developed limb coordination to a degree that would have been thought unachievable a few short years ago. This text presents an effective method of dealing with the mastery of drum set coordination by breaking it down into four sections: 1) Ride Cymbal - Right hand; 2) Snare Drum - Left hand; 3) Bass Drum - Right foot; 4) Hi-hat - Left foot. The author clearly states his goals in writing this book: "It is my sincere wish that the materials presented in [this] text will be of considerable help in developing musical approach to the coordination skills demanded of today's drummer."

Outstanding!!!!

By MBH

Outstanding Book!!!! Pages and pages full of jazz drumbeats. Received on time and this book was well worth the wait!! clear and concise print-a must-have for every drummer's collection

0 of 0 people found the following review helpful.

Lots of music to choose from

By Amazon Customer

Great selection of songs

Great Resource

By M. Riess

I absolutely love this book, it's a fantastic resource if you're looking to get into jazz drumming. Every percussion instructor I've ever had has recommended this book to me, and for good reason.

One of my friends actually learned jazz drumming over the summer just by spending hours and hours with this book.
