Gorgeous teacher Corrie has been blackmailed and owned by a Dominant couple. Trained and subjugated, she is taken to a party, collared and passed around the guests. This chapter of her story is told in her own words.

Extract:

I pleased a lot of men and several women over the course of an hour or so. Oddly though, I was never fucked and neither was Red. I had the feeling we were being saved for something. That didn't seem to restrain the guests though. They were fucking all over the place! While I serviced over a dozen different men, hip to hip with the voluptuous redhead, I saw Mistress Louise with at least four different cocks in her.

“Time for the games!” It was Master Damion, bringing the room to attention. The man in my mouth stepped aside and I looked back up the room to see the low stage I had been first used on now had a bed and some sort of waist-height padded bar, with restraints around it, both hanging from the ceiling and attached to the floor and the apparatus. We were both taken up to the stage and sat down side by side on the bed.

something new for her

By Erin

Another part in this series.

After her secret has come out to the parents of one of her students, she finds out she likes it to be their sub a lot.

In this story she is in for something new, being a pet.

She is not afraid at all, she does have questions, but can't asks them, but she likes it a lot what they do to her. For me what they do to her, could have been written in more detail especially what they did to her in the first round, the second round is described better.

But it stops at the moment when it will get real interesting for her.
