Very good book

By Haydie J. Laboy Ramirez

I personally don't like self-help books. But I loved this book. I loved that the author is man, and he is not telling us how to do things in a relationship. He is making you to realize that the behavior of your boyfriend is telling you that "he's just not that into you!". I borrowed to some friends and it help them soo much.

It's a funny and easy to read book. Short chapters and good examples to explain the points. Some hard things are explained in a funny way.
