SECRETARY BY DAY, MISTRESS BY NIGHT (BRITISH BACHELORS) BY MAGGIE COX PDF

Maya Hayward feels like a fish out of water in the presence of her new boss. Playboy Blaise Walker is so easily confident and sexily charming—she hopes and prays that he can't see how much she blushes when she's near him!

Blaise may have hired Maya out of a sense of duty, but he quickly becomes intrigued by what lies beneath her quiet yet tantalizing exterior. He decides to offer her a chance for promotion—from skittish secretary to boss's bedmate. But will Maya accept?

Romantic Quickie Read

By Jennifer L. Rinehart

I'll admit that it was the title of this book that caught my attention. Without the obligatory descriptives of Billionaire, Sheik, Prince, Virgin or Secret Baby this book fairly jumped out from the shelf at Target right into my hot little hands.

In fact, I didn't even read the back cover before buying it, that's how enamoured I was at the thought of reading a Harlequin Presents without a secret baby/Billionaire Sheik storyline.

Well, for once my impulsive choice paid off. I liked this book. The heroine is a prettier than average woman and she knows it. She doesn't humble herself imagining that men are looking at her for any other reason than to ogle her hour glass figure. Her attributes cause her some trouble in the workplace and immediately I felt a sisterly bond. It's hard to have boobs and work with highly sexed men who seem to assume just the presence of breasts are an unequivocal sex invite. Such is the life for our dauntless heroine, Maya.

When the book starts out she's having a rotten dinner with her lecherous boss Jonathan and several other business associates. What's worse is that she's wearing a dress about a size too small and her boss, starts in with the flirting and naked foot rubbing under the table, so obvious. Just a sidenote, I knew a boy in school named Jonathan who used to get in trouble for taking his shoes off in class and stinking up the room with nasty foot odor. Anyway, the name Jonathan, for me anyway, is synonymous with smelly feet. So, back to the story, Maya, in an effort to avoid said foot rubber, sets off in search of a bathroom. Instead she finds the hero.

Now here's where the witty banter and sexual tension starts. With several cleverly baiting comments the hero manages to disturb Maya. I just love this! This is the reason I read romance.

So, onward, our hero maneuvers the situation so that he is Maya's boss and well, I can't say what happens next 'cause that would ruin the story.

So, all in all, I enjoyed this book which is more than I can say for most of the HP's I've read lately.

Totally Enjoyable

By Maya

Maggie Cox books are new to me but after reading this one which I totally enjoyed, I'll be looking for more. You can feel the immediate attraction between Blaise and Maya. What I really liked about this storyline is that the heroine did not throw herself at the hero even when she needed a job and she has his business card. He could have any woman he wanted, but yet he had to make the first move and go in search of her. This book is definitely one to keep and one I will most definitely read again.

Nothing Special

By Erin

The premise behind the story – a playwright and an administrative assistant – was a great premise. Unfortunately, I feel like that's about as far as the creativity went. I did not feel like there was a great deal of character development but rather a great deal of setting the scene and somewhat repetitious inner dialogue. I don't really have anything bad to say about the book but by that same token I have nothing really great to say about the book. For that reason, it simply gets three stars.
