An Unexpected Journey from Islam to Christianity

In *Seeking Allah, Finding Jesus*, Nabeel Qureshi describes his dramatic journey from Islam to Christianity, complete with friendships, investigations, and supernatural dreams along the way.

Providing an intimate window into a loving Muslim home, Qureshi shares how he developed a passion for Islam before discovering, almost against his will, evidence that Jesus rose from the dead and claimed to be God. Unable to deny the arguments but not wanting to deny his family, Qureshi struggled with an inner turmoil that will challenge Christians, Muslims, and all those who are interested in the world's great religions.

Engaging and thought-provoking, *Seeking Allah, Finding Jesus* tells a powerful story of the clash between Islam and Christianity in one man's heart—and of the peace he eventually found in Jesus.

Very moving

By Amazon Customer

Seeking Allah, Finding Jesus is the true tale of Nabeel Qureshi's journey from being raised a devout Muslim to his conversion as a follower of Jesus.

I knew I was in trouble when I had only listened a few seconds. The dedication at the beginning of the book, read by the author himself, had me bawling like a baby. It is dedicated to his parents, who are still in the Muslim faith. It is so honoring and beautiful, you can't help but cry.

The entire book is read by Qureshi and it is read very well. His voice is clear and soothing; his accent is soft and mesmerizing. Obviously, the story is very personal to him and his emotions come through in his reading perfectly.

The story itself is also incredible. It was beautiful to soak in his loving childhood. It was very informative as to the beliefs of his family. I was unaware of how much disagreement about doctrine that there is within different Muslim beliefs and Qureshi walks through them carefully and respectfully. I found his descriptions of East vs. West thoughts about guilt/shame societies to be very illuminating. It truly is a completely different perspective and makes an incredible difference for anyone with the opportunity to be a witness to a Muslim.

Utterly Beautiful

What a beautiful book.

Nabeel Qureshi opens to us the beauty of a devout Muslim family, their whole lives ordered by their faith and their traditions. Their love for Allah and for one another is palpable in the pages of this book. It is a beautiful picture and one I am grateful to Nabeel for sharing.

Then Nabeel takes us step by step through his search for truth; a search he begins with complete confidence that he will confirm the claims of Islam. For myself, I was reliving the search I had pursued forty five years ago, when my embrace of existentialism had left me so empty and purposeless that I had to reconsider the claims of Christ, just in case they might be true. I found myself anticipating each next step in Nabeel's intellectual journey, as each critical aspect of the truth of Christianity was substantiated by his investigations. I knew in advance what he would find and what he would conclude, because I had walked the same path and reached the same conclusion: the claims of Christ are confirmed by history, science, and reason, if you approach them objectively, seeking to know the truth, instead of seeking to prove your already-held beliefs.

But I also knew the feeling Nabeel expressed at the end of his intellectual journey. A rational conclusion still leaves an unsatisfied heart. To conclude that history sports the claims of Christ is not the same thing as knowing Christ as Savior and Lord. And just like Nabeel, I asked God for a supernatural confirmation of my intellectual conclusions. And just like He had done for Nabeel, God condescended to grant my desire by specifically answering prayer requests that only God himself could provide. I even experienced to a degree Nabeel's family conflicts, though for me it was my mother's amazement and bitter disappointment with my choice after college of seminary instead of medical school.

This is an utterly beautiful story of a devout Muslim's search to know Allah and his astonished discovery of Jesus. As I read Nabeel's description of his joy and relief as the beauty of Christ and Christ's love for him

flooded his soul, my own eyes were filled with the same tears of joy and amazement.

Read this book! And as you read it, may God grant you the joy of knowing Him and His salvation.

LOVED this book!!

By Christ Follower

I have to say that as a Christian, before reading this book, I had very little knowledge of the Muslim faith and how Muslim children are raised. This book gave me a peek into that world in a very personal and moving way, helping me better understand what they really believe and how to reach them. Two key points I found very convicting: as a Muslim, Nabeel was never invited into a Christian home AND, until meeting David Wood, he never encountered a Christian who knew his/her Bible or theology well enough to defend it. As a Muslim, Nabeel prided himself on being able to take on any Christian on any biblical topic and eviscerate their feeble arguments, which is sad to think about, since apologetics gives us so many concrete, historically based reasons to believe . We're not befriending our neighbors and we're not educating ourselves or our children. We're not obeying II Timothy 4:2 by being ready in season and out to share our faith with those who so desperately need to hear the Truth. This book is helpful on so many levels. I highly recommend it to anyone who is serious about obeying the Great Commission.
