An interesting read

By A Curious Reader

This book is a beautiful collection of stories, particularly for those who are interested in the spiritual aspect of tales across many cultures. Coelho has nicely picked and added flavor to some of these stories that represent many cultures and sub-cultures, but have common themes and messages based on spirituality and wisdom. Even those who are not interested in religion may find it interesting, because there are several stories that contain a general view of spirituality and not limited to one specific worldview.

I read a translated version of this book in Persian/Farsi several years ago, but I liked to take a look at the English translation as well. Overall, a good read.
