Wiarda](#), not in racks of course. You may wait in your computer device as well as gizmo.

THE DUTCH DIASPORA: THE NETHERLANDS AND ITS SETTLEMENTS IN AFRICA, ASIA, AND THE AMERICAS BY HOWARD J. WIARDA PDF

The Dutch Diaspora is a comprehensive and personal study of the former colonial empire of the Netherlands. The Netherlands is considered one of the most successful societies and at one point was the world's largest empire stretching from Japan to the United States. The author, Howard Wiarda, who grew up in western Michigan and is himself of Dutch descent, combines thorough scholarship with first-hand experience of travels to the far-flung former colonies. The study analyzes how colonies reacted to the ideological beliefs implanted by the Dutch settlers and how those colonies evolved in terms of cultural, religious, and political beliefs. For example, the Dutch in the seventeenth century brought Calvinism to South Africa and entrepreneurialism to New Amsterdam and Curaçao and in the nineteenth century supported slave plantation systems in Indonesia and Suriname, but as time passed the evolution of the colonies was telling. The United States outgrew Great Britain in wealth and power, but while Calvinism declined in the Netherlands it remained vibrant and progressive in the American Midwest. In many ways, the former colonies adapted to modernization better than the mother country. The Dutch Diaspora is an insightful and accessible study of colonialism useful to upper-level undergraduates and all students and researchers of Dutch history.

More than you want to know about the Dutch

By C. Lamach

This book was written by a classmate of mine. It explained a lot about my parents attitudes and those of my classmates and neighbors. I am not Dutch, but was adopted at the age of 9 years. I spent many years trying to figure out what was going on in these people's heads. I was mainly interested in the first chapters of the early history of the Netherlands and the part that took place in the Grand Rapids Michigan area. I was much dismayed that my classmate erred in listing the junior high schools that made up our high school class. He omitted the name of my junior high. But all in all I don't usually read these types of books so I can't rate it in it's category.
