If you wish to download the *The Women In The Walls: Spookshow 3 By Tim McGregor*, it is very simple after that, since now we extend the link to buy and make bargains to download and install [The Women In The Walls: Spookshow 3 By Tim McGregor](#) So very easy!

THE WOMEN IN THE WALLS: SPOOKSHOW 3 BY TIM MCGREGOR PDF

When the detective she's fallen for needs help, a reluctant psychic must put aside her feelings to help him unravel a horrific crime.

HAMILTON - Trying to maintain a normal life, psychic Billie Culpepper struggles to block out the dead souls that haunt her every move but her attempts to suppress her ability only serve to isolate her even more.

Across town, Homicide Detective Ray Mockler is called to the scene of a horrific discovery; human remains unearthed from an underground chamber. Frustrated at the lack of evidence, he calls on the one person he knows who can see beyond the veil of death to unlock the truth.

Kaitlin Grainger becomes increasingly obsessed with the paranormal after learning of her friend's psychic ability. Recruited to join a team of ghost hunters, Kaitlin finds herself drawn to a mysterious old manor on the hill known as the Murder House.

ENGLAND – Tracking the warning signs of a looming supernatural threat, occult investigator and wanted criminal John Gantry feels suddenly compelled to return to The Hammer. Billie is in danger.

This series is so good!

By Carol

The Women in the Walls is classified as book 3 in the Spookshow series by Tim McGregor. This book was generously provided to me in exchange for an honest review by the author. I have now read all three of the first three books of this series but the actual order sequence should be as follows: #1 Welcome to the Spookshow, #2, The Women in the Walls, #3, The Spookshow.

Billie has accepted her gift/curse of being able to see the dead. But she has learned how to turn it off, to close them out, and tries to resume some semblance of a normal life, working nights as a bartender and zipping around town on her bicycle. Of her three friends, one of them, Kaitlin, completely believes in Billie's ability and encourages her to use it. Kaitlin seems to have an unhealthy interest in the undead. Billie is still dealing with her crush on Police Detective Ray Mockler. She knows, though, that he is not available and that it is best she just keep her distance.

Ray has been chomping at the bit to be lead investigator in one of his cases. But it is just his luck that when

he finally gets his wish, its for one of the most horrific findings the city has ever seen. In an old abandoned warehouse, an interior brick wall has somehow tumbled down, revealing the skeletons of seven women hidden within. Seven women, all brutally murdered. Who are these women, how did their bodies come to be hidden within these walls, and more importantly, who killed them? The clues come to a dead end fast with no forensic evidence to go on. So Ray is forced to turn to the one person he should stay away from, Billie.

We again can't help but to care about this woman whose life just never seems to give her a break. She's fallen for a man she can't have, and she sees dead people. Not only that, they follow her everywhere. One lives with her in her apartment! Of course, things don't go as she might have hoped when she tries to help. But the dead have their own way of getting what they want.

John Gantry is back in the picture as well. I still haven't figured this guy out. Is he a bad guy or a good guy? All I can say is that he always shows up when Billie needs him and helps her out. I'm not sure of the extent of his own abilities but he seems to know when Billie needs him.

This book wasn't as spooky as the first one. But it was still so good. It makes me wonder what might be wandering around my house or wherever I happen to be that I can't see. The next time I feel an unexplained breeze or chill, I'm going to wonder at it's origin. Could there be someone looking over my shoulder that I can't see? I look forward to the next book in this series, *Bringing up the Bodies*, which is already out.

Books not in sync!

By Diane

The stories were good but the books were out of sync. Book two should be read first and book one should be read last. The story did not end - left you hanging. He must be writing more and I would hope they would be in line. Didn't not enjoy the way the stories were told.

A consistently entertaining series

By Author David L. Foster

I enjoyed the whole Spookshow series. Yes, it's kind of lame to post the same review for each novel, but I tore right through them and honestly can't remember which was which - they were all good.

These are good adventure tales populated by people who act in realistic ways when faced with impossible situations. There's no blindly stumbling into danger, or when there is it's because the characters honestly don't understand or can't accept what's going on. Finally, the characters are honestly traumatized by what happens to them, as they should be.

Finally, the best part is what's not there. No shiny vampires. No unsuspecting hero that masters her new powers in the space of one novel. And most importantly: No sappy, unrequited romance. (Yes, there's romance, but they approach it like real people: shy to admit to their feelings at first, insecure about how the others feel, but then they eventually gather the courage to do something about it. No endless, weepy pining.)

Hats off to the author for crafting an engrossing experience and keeping the quality high throughout all the novels. Keep it up!
