I was only supposed to be his replacement secretary for one week. Now he has me trapped in his world of twisted and dark desires. I try to get away and I can't – but the question is – do I really want to?

Navia Watson is struggling to survive. She has just left school and can't hold a steady job. Just when she feels that there is no hope, her best friend makes her an offer that she can't refuse. All she has to do is be a temporary stand in secretary for her friend's position as the secretary for some billionaire for only a week. One week for some quick cash – how hard can it be? She is in for the surprise of her life when she walks into Jason Black's office. The dark, sexy billionaire quickly pulls her into his web, one that she can't unravel herself from. His piercing eyes call to her very soul and the darkness lurking in their depths entices her.

She suspects that the man is dangerous, but she could never have imagined the depth of the mysteries surrounding him. By the time Navia discovers his true nature, it's too late for her salvation. Even if she could leave him, there's no way he will let her go. She is his and she is not sure she really wants to get away.

Dark and twisted love story

By Louise N

This is a fast paced story with decently developed characters. I loved the friendship that exists between Navia and Chloe, their relationship was clearly set up and easy to connect with. Jason was an enigma. Just when I thought I had his character pegged, he switched up and there was another layer that I didn't expect. When the story got dark, I kept thinking that, well, that's not so bad, and then it got darker. Their relationship development I could also see progressing but oddly, it didn't make me feel better about it. I continued reading and felt that I knew people who went down that same path but I just needed to see where they were going with it. Although the relationship and the story are steamy, the twists they take are surprising and unsettling. I enjoyed reading this one although I don't normally read dark stories. It is well written and the story line will hook you through to the end. I was gifted a copy of this book in exchange for an honest review.

Good dark story

By dora la exploradora

Navia's Watson lack of confidence and shyness was affecting her life. Could not find a regular job and her sex life was almost nil. When her best friend asked Navia to cover her job for a week and earn a much needed money, she accepted. She was going to be the secretary of the billionaire businessman Jason Black for a week. She had been told that Mr. Black was a bit different, overly private and intense so, she had to stay out of his way and everything would be fine. But quickly she found that with Mr. Dark and Mysterious nothing would be fine in her life again. I had read some dark and hot romances before and I find that this story met my expectations. The characters were struggling with the dark side and the emotions that psychologically were dragging them. The author presented the awful circumstances with details that shakes the reader and provoke feelings of displeasure because this is a dark story. The suspense, the wicked hot sex and the erratic behavior of the protagonist adds to the darkness of the story. The outcome of the relationship was not good or bad but rather what the protagonists could deal with. In the light of this I think that the characters were good, with a strong chemistry and a bit dose of co-dependency. Somehow, Jason helped Navia to overcome her lack of confidence and she was able to choose what her inner self really wanted. Enjoyed and liked the story. Kept me interested until the end. Another author that I'm going to keep a close eye on.

I was gifted with the book for an honest review.

Trapped but see the Light-wonderful dark romance read

By April R Symes

This is a dark romance story told about two people who meet and they are never the same.

Navia is struggling to find a job after college. She works temp jobs, trying to get a permanent job but so far no luck. Her friend Chloe knows of a job she can work that will help her out since right now money is very tight—the job is Chloe job-she needs Navia to work in her place for a week until she gets back from her wedding and honeymoon. Navia finally agrees because she really needs the job. While at Chloe's wedding, she meets this delish man and she feels this immediate pull toward him that is so heavy and very sexual. But before anything could go further he is gone.

Monday morning on the new temp job, Navia goes into work and who does she see, the delish man from the wedding and he is her boss. His name is Jason Black and he is very HAWT! But there is something about him that is dangerous and still. Navia was told to be quiet and keep out of Mr. Black's way but somewhere along the line things just happen that didn't keep her out of his way and things are not the same again. He is so dominant, dark and very alpha to Navia's light, submissive nature.

The sex between the MC is OMG awesome and the reasons why Jason is the way he is will give you pause. I also felt so bad for Navia because she fell in love with Jason against everything going against them. There were several scenes that made me hope she would give up and move on but really Mr. Black holds her heart. The story ends on a HFN ending and I would have loved a more HEA note. The story leaves it open for more from this couple and I hope the author does write a follow up on this couple because there is such chemistry between them and the POV written in Navia's view was wonderful.

My rating: 4.4 stars *****
