## From Publishers Weekly

As in her previous book, *Why Men Love Bitches*, Argov does not use the word "bitch" in a pejorative way, but rather "to describe a strong woman who has her own identity and is secure with who she is." And while encouraging women to be strong...Argov takes readers step-by-step through her process, including numerous "Relationship Principles" that keeps her concepts clear.... the behavior she encourages is healthy and useful,

even outside the realm of husband-hunting. Taken more as a Bitch's Guide to Life-the word "relationship," after all, doesn't necessarily imply romance-this is a solid self-help.--Copyright © Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.

Never shy and always laugh-out-loud funny, Sherry Argov's *Why Men Marry Bitches -NEW EXPANDED EDITION* is the classic bestseller that you will want to read over-and-over again. Argov is known for her authenticity, humor, and no-nonsense delivery and for giving her readers a feeling of confidence and self-worth. With girlfriend-to-girlfriend detail and the heartfelt advice of an older sister, Argov explains why being an extra-nice "people pleaser" doesn't necessarily mean a man will be more devoted. This feel-good guide is packed with advice from hundreds of men, giving a rare insight into the male mind. These men answer the following questions in raw detail:

- Do men actually notice if a woman has confidence, dignity and self-worth?
- What can a woman do to gain a man's respect?
- Why is a woman's power so sexy to a man?
- Why does her confidence increase the romantic chemistry for men?

THIS NEWLY RELEASED EXPANDED EDITION has:

- Two new chapters.
- Updates throughout the book
- 100 Desirability Principles
- 25 newly added principles
- And...more saucy interviews with men!

There is a reason your girlfriends keep telling you to buy *Why Men Marry Bitches*. Now, the NEW RELEASED EXPANDED EDITION is even more comprehensive. Whether you are single or married-- this is the must-have guide that will show you how to feel good about yourself, exude confidence, win his heart, and get the love and respect you deserve.

Advice from the ultimate BFF!!!

By TurboFireAddict

I LOVE, LOVE, LOVE Sherry Argov's books!!! (A "Bitch" is not an evil, nasty female, but a strong, approachable woman who knows her value and is ready and willing to leave a man if he does not treat her the way she feels she deserves to be treated. She is not a doormat and won't be treated like one. At the same

time, she's beautiful on the inside, and brings a lot of desirable qualities to the table.) I think of this book as a conversation with a funny, thoughtful, honest BFF who shares with me the things our moms would have told us had they grown up during this era. It's no secret that most of us as women have been taught to be doormats and pleasing and accommodating in relationships (even to our own detriment), and to feel like we are at fault if the relationship fails. This book helps us understand so much about relationships, like.... we should never be or act like doormats in order to become a part of or maintain a happy, healthy long-term relationship; how a man can interpret our comments/conversation and actions (for example: us showing too much interest and enthusiasm for a committed, long-term relationship too early could be considered desperation for a future husband); that a man, through our words and actions, is assessing the type of life he will live if he were to marry us; that we have to realize that men think differently than women do - so, we need to learn how to communicate in a way that will get them to \*hear\* us rather than dismiss us as nagging. Let's not make them think we want a breathing body to fill the slot of the groom, so we'll settle for any guy who treats us half-way decent. Let's make them think we are the prize (because we are the prize and therefore we need to act like the prize), and they need to win the honor of our hand in marriage. We aren't desperate for a husband. We are Bitches with honor and respect for ourselves, who are looking for a partner who will celebrate us as we celebrate them. Buy this book if you want to become the best version of yourself as a partner in a healthy, loving long-term relationship...and laugh while learning how!

Insightful and Informative

By P. Miller

Wow - this is one of the most insightful and informative books I've read in a LONG time. Not only that, it's extremely entertaining and very hard to put down. I had to make myself stop reading just to get to bed on time. I think some of the negative reviews of this book are very unfair, and simply indicate the reviewers didn't even bother to read the beginning of the book where Argov makes it infinitely crystal clear what her intent was behind the title and what she's setting out to demonstrate in her book. Additionally, the book is very well organized into myths and principles that build nicely on each other as she progresses through the "dating"/relationship process. Her sense of humor makes her examples of men's behaviors hysterically funny. The analogy about the crack dealer had me howling out loud. I just couldn't stop laughing, and it's rare that a book makes me do that. So, for the humor alone, the book is well worth a read, but you get so much more from it. Argov made me realize some of the really stupid things I've done with my ex-s; how I played into their manipulations, and how I'd fallen into the mind-game traps that men play with women. And any idealist who thinks this doesn't happen needs to snap out of their fantasy world and pay better attention. It happens all the time, every time. Sometimes men aren't even fully aware of the games they play to push women's buttons and to find women's weak points. Yes - they DO do this. They are hard-wired to behave the way they do. When I look back at my failed relationships, I see that what Argove says happens, has all happened to me; I just didn't realize it at the time. Argov is so spot on when she illustrates the ways men goad women into revealing the chinks in their armour. I learned so much from this book. Can't wait to put her recommendations into practice. Even if no lasting relationship materializes, Argov just has excellent recommendations on how to respond appropriately to people so they'll always respect your integrity and dignity. And for that alone, this book is worth more than gold.

STRONGLY recommended!

By SunnyCali

WONDERFUL! I recommend to ALL my girlfriends!! A better book about respecting yourself and boundaries I've never found. This book explains the importance of setting limits, lets you know what men try to do in order to subtly push those limits, and gives you easy guidelines for how to react (without looking crazy and by besting the manipulators).

Any lady with communication issues or who gets talked over by her lousy boyfriend NEEDS to read this.
